“Even with 70-percent of 911 users dialing from their cell phones, the service has yet to incorporate **text messages or streaming video** into its system -- features that, according to the FCC, **could have a very real and immediate impact.**”

"The **technological limitations** of 9-1-1 can have tragic, real-world **consequences**."

Today.

Police

Fire

EMS

Introducing 911.2

Next generation 911 emergency call

Enhanced communication with dispatcher

Integration with local community

Rich media support

Demo.
